EXPERIENCE

SDE - 1 (Full Stack Developer)
Zoop.Money - Digitizing Home Loans

📅 Feb, 2025 - Present   📍 Bangalore

- As part of the core founding team, shaped the system architecture to ensure flexibility, scalability, and long-term maintainability.
- Spearheaded the development of Zoop.Money's MVP using **React**, crafting a seamless and high-performance user interface for home loan digitization.
- Engineered backend services with **Spring Boot**, including integrations with multiple banks to facilitate secure and efficient data exchange.
- Made critical architectural decisions, selecting **SQL** or **DynamoDB** based on data access patterns and scalability requirements, while deploying infrastructure on **AWS** for reliability and efficiency.

SDE - 1 (Full Stack Developer)
Apptile - No-Code Mobile App Builder

📅 Apr, 2024 - Feb, 2025   📍 Bangalore

- Designed and implemented drag-and-drop components using **React Native** and **Redux Saga**, empowering non-technical users to easily build mobile apps.
- Developed over 10 plug-and-play integrations for loyalty, reward, and tracking systems via REST APIs.
- Built robust proxy servers and APIs using **Node** and **Express**, streamlining backend processes.
- Optimized the No Code Builder platform, reducing crash rates by 15% and improving performance by 10%.

SDE - 1 (Full Stack Developer)
Satvacart - a leading Grocery Delivery Start-up

📅 Aug, 2023 - Mar, 2024   📍 Gurugram

- Crafted a user-friendly UI for streamlined data updates, managing APIs supporting mobile apps and websites to enhance system efficiency using **Next.Js** and **Django**.
- Integrated real-time tracking for instant order updates, enhancing customer satisfaction. Streamlined warehouse management for optimal operational efficiency.

PROJECTS

Flat Talks - flattalks.samarths.com
Node.js, Socket.io, HTML, CSS

- Built an intuitive real-time chat application, ensuring a seamless and effortless user experience.
- Enabled a smooth, one-step process for adding or removing users from chat groups, enhancing efficiency and usability.

EDUCATION

B.Tech in Computer Science
Swami Keshvanand Institute of Technology
📍 Jaipur

📅 Aug, 2019 - June, 2023   CGPA : 8.75

AISSCE (12th Grade)
Shri Ram Centennial School
📍 Agra

📅 Apr, 2018 - Mar, 2019   Per : 70.20%

AISSE (10th Grade)
**Dayanand Anglo Vedic (DAV) School**
📍 Ahmedabad

📅 Feb, 2016 - Mar, 2017   CGPA : 9.4

TECHNICAL SKILLS

React.js   React Native   Next.js   Node.js   Django   JavaScript   Bootstrap   Gen AI Tools   HTML   CSS   SQL   WordPress   PostMan   Rest API   C/C++   DSA   Git   Kubernetes   Docker

SOFT SKILLS

Work Ethic   Adaptability   Leadership   Public Speaking   Decision Making

CERTIFICATION

- Linux Tutorial - Great Learning
- Software Security - Coursera
- Problem Solving - Hackerrank
- Javascript and React.js Bootcamp - ShapeAI
